- Act in an advisory capacity to the department by disseminating authorised information within the community and providing insight and advice into community perspectives on the project;
- Seek at all times to obtain and represent the views of the broader community;
- Represent the views of my organisation, interest group or community and not individual views at odds with my organisation or group;
- Participate in a positive way to finding solutions to issues or concerns;
- Respect the ideas and beliefs of all members and provide an atmosphere where all members feel comfortable to participate;
- Notify the department of any potential conflict of interest that may arise in relation to the project during my participation in the consultative committee;
- Allow the department to promote my participation in the consultative committee in order to facilitate community feedback provision;
- Not disseminate confidential information that is discussed at the consultative committee meetings as advised by the Independent Chair, such as issues related to resident privacy or of a sensitive commercial or conceptual nature;
- Not make any media comment in relation to the project on behalf of consultative committee, unless first receiving approval by the independent chair in consultation with the department's Chief Communications Officer.

I understand that where a member disregards the Code of Conduct, as agreed by the consultative committee members, the chair may ask them to step down and/or their organisation may be requested to nominate a replacement.
